BRAVE EXVIUS

SQUARE ENIX's RPG "FINAL FANTASY BRAVE EXVIUS" (FFBE) is based on the theme of "A New Crystal Story". The game combines nostalgic 2D dot graphics with the latest 3D computer graphics to create a new experience. With a storyline that is enjoyed around the world today, exhilarating battles that can be played with simple controls, and the freedom to explore towns and dungeons, "FFBE" allows you to play the true fun of RPGs on your smartphone. In addition to the original characters of "FFBE", heroes and arch-enemies from the past in the "FINAL FANTASY" series also participate in the game. You can enjoy new adventures with the characters you played with in the past.
